

Board Vitals: Child Neurology

Release date: January 1, 2021

Expiration date: December 31, 2021

Estimated time to complete activity: Up to 100 hours

Overview

Board Vitals provides a high-quality, effective, and powerful board review tool that is used by practicing physicians, residents, and medical students.

A question bank for Child Neurologists provides up-to-date questions and explanations with answers. The full-length practice exam is a means to judge one's overall preparedness and a way to compare with their peers to estimate what their score might be on the board examination.

Target Audience

The target audience consists of practicing physicians, residents, and medical students specializing in Child Neurology.

Learning Objectives

Upon completion of this activity, participants should be able to:

- Describe the underlying pathophysiology of neurologic disease
- Interpret examination, history, laboratory and imaging findings to make a diagnosis
- Identify the appropriate work up and approach to the management of neurologic disorders
- Recognize potential adverse effects of treatment and assess potential risk vs. benefit

Beth Leeman-Markowski, MD has disclosed no relevant financial relationships.

Andrea Paul, MD has disclosed no relevant financial relationships.

Planner Disclosures

Daniel Lambert, CEO, BoardVitals, has disclosed no relevant financial relationships.

Independent Peer Reviewer

Amy Hellman, MD has disclosed no relevant financial relationships.

Method of Participation to Earn CME/CE Credit

Learner pays the appropriate fee for participating in and receiving credit for this online educational activity. In order to obtain credit for participating in this activity during the period of January 1, 2021, through December 31, 2021, participants must:

1. Read the educational objectives and disclosure statements
2. Complete the case-studies presented during the session and score 70% or higher.
3. Review the appropriate modules. Participants may make corrections to incorrect responses as needed.
4. Upon completion of the entire module, the learner may receive 100 credits or may redeem a portion of the 100 credits by increments of 1 hour at a time.
5. Submit the online evaluation to BoardVitals.

Credit will be issued only upon completion of the exam questions with a score of 70% or higher and activity evaluation. After completing this information, you will be able to print out your credit certificate. This activity should take up to 100 hours to complete. Credits are redeemable in 1-hour increments.

Hardware/Software Requirements

BoardVitals: Child Neurology training can be delivered to the latest devices physicians prefer to use, including iPads[®]. Compatible browsers and devices include:

- Microsoft[®] Internet Explorer[®]: 9, 10
- Apple[®] Safari[®]
- Google Chrome[™]
- Mozilla[®] Firefox[®]
- Apple[®] Mobile Devices: iPad[®], iPhone[®]
- Android[™] Mobile Devices

Our training solution is playable on virtually any web-enabled device with an Internet browser. We also have a specialized mobile app for devices with smaller screens like iPhones[®], available on iOS[®] and Android[™] devices. Users must have an Internet connection. A flash plug-in is not required for this training.
