

## Board Vitals: Orthopedic Surgery

---

**Release date:** January 1, 2021

**Expiration date:** December 31, 2021

Estimated time to complete activity: Up to 54 hours

### Overview

Board Vitals provides a high-quality, effective, and a powerful board review tool that is used by practicing physicians, residents, and medical students.

A question bank for Orthopedic Physicians provides up-to-date questions and explanations with answers. The full-length practice exam is a means to judge one's overall preparedness and a way to compare with their peers to estimate what their score might be on the board examination.

### Target Audience

The target audience consists of practicing physicians, residents, and medical students specializing in Orthopedic Surgery.

### Learning Objectives

Upon completion of this activity, participants should be able to:

- Demonstrate basic Orthopedic knowledge, including tumors, and adult reconstruction.
- Indicate knowledge of Pediatric Orthopedics including disease, trauma, and sports medicine.
- Identify trauma of the musculoskeletal system.
